## Three Bound to Grand Jury In Package Store Hold-up

Joseph Bates

Ernest L. Waldon

Herbert Miller

Three New Orleans Negroes were arrested here Friday night on charges of armed robbery of Benigno's Package Store, less than 30 minutes after the hold-up took place.

Norman Benigno and his niece Laverna were watching television when one of the men entered asking for the cheapest brand of wine. When Benigno went behind the counter, two others came into the store announcing "this is a hold-up". One carried a sawed off shotgun, the other a 26 calibre pistol.

Benigno told the men to take the money, and Laverna said she thought the whole thing was a joke until they were ordered to lie down on the floor.

In attempting to open the electric cash register one of the men jammed the mechanism and was unable to open the machine. Benigno was then kicked about the head and face. He then told them to take the register and leave.

As they were carrying it out of the door, the man who held a gun to his throat looked toward the door and Benigno wrestled the 26 pistol from his hand.

When they were entering a U-Haul-it van parked outside he fired a shot which was heard

by his brother Sam, who owns the business next door. He rushed out and attempted to grab one of the men who threw him to the pavement. Sam Benigno then called the police and Sheriff Fred Curet's office.

Roadblocks were set up throughout the county within minutes and the three were apprehended at the intersection of U.S. 90 and 607 by Deputies George Rayburn, Glen Dorr, Melvin Bourne and J.P. McCordie of the State highway patrol; Dorr reaching the truck first.

Found in their possession was the register containing \$277.57, Benigno's wallet with \$67 and the shotgun.

The alleged robbers were identified as Joseph Bates, 19; Ernest Lee Waldon, 35 and Herbert Miller, 35.

In a hearing in justice of the peace court of Nellius C. Rhodes Tuesday, with Albert Nescles, assistant district attorney, present, the trio was bound over to action of the January grand jury. There is no bail set when armed robbery charges are filed in Mississippi.

Benigno was admitted to Hancock General Hospital for treatment of head, facial and possible internal injuries.

The letter from Frank J. Moore, state road engineer stated: "You may authorize

### School Bond Voters Reject Bond For Now

According to J.D. McCullough, superintendent of city schools, the school bond proposal that was voted on Tuesday failed to carry the needed votes for passage.

McCullough, stated that it will be 80 days before the proposal could possibly be brought up before the people again.

If the voters had approved this bond issue, a new elementary school building would have been built in Waveland and other improvements at North Bay Junior High.

#### 43 Brush Fires, In City in Oct.

A total of 43 brush fires were reported to Bay St. Louis fire department during the month of October.

The department also answered a call to a house fire on Bousalog Street and to the Hancock General Hospital, where a blazing trash container in a storage room was extinguished.

Police Chief Bill Carbonette expressed gratitude to Civil Defense and Waveland, East Hancock Volunteer, NASA and St. Regis Paper Company units for assistance, and asked residents to use extreme caution when burning trash or leaves.

In view of the redistricting meeting scheduled at 8 p.m. Saturday, Nov. 2, in St. Clare's Parish Hall, the Waveland town council announced that the town had been redistricted on a basis of fair and equal population and geographic division.

This came up at a meeting in town hall Monday night. Mayor Carlfield Lader and the board of aldermen stated that they felt the ward distribution is fair and equitable. They also plan to call for new registration in the near future and urge all new residents to register.

## OUR OPINION SELECT THE RIGHT MAN

Next Tuesday voters will be going to the polls across this great country of ours to vote on the future of this free land.

A close look into the background of each person in national politics on down to local politicians needs to be done before any rash decisions are made.

Do we as Mississippians want the present trend in our federal government or do we want to stand proud that we as Mississippians truly desire a change in present trends.

Although it is expected of every newspaper across the country to pick a choice for president, this newspaper is leaving this great responsibility up to the people of Hancock County to formulate their individual opinion and vote as such.

We do say a change is needed in federal government - the job of being president is much too important to leave up to a bunch of mismanaged people.

Both Kennedy and Johnson have faced this nation in recent years for better or for ill - it seems that the present administration is unable to cope with the many diversified problems that our new society has.

We urge each registered voter to vote his choice in electing an experienced man, who has the foresight and courage to stop our internal and external problems.

Your vote is all important in saving this nation from disaster.

# THE BIBLE MAN'S MAIN SOURCE OF STRENGTH IN A TOPSY-TURVY WORLD

The week October 20-26 was the observance of National Bible Week for this year of 1968. The ENTERPRISE is thoroughly convinced that in the midst of chaos, with clouds so thick and dark that they cut off the sunlight in nearly every spot of the world, it is obvious to even the casual thinker that man alone is insufficient in himself to solve the problems -- find the peace and contentment he seeks -- that he stands in dire need of the aid of a higher power. In order to know the proper direction, and read with accuracy the blueprint as drawn by the Master Architect for the individual life, man must consistently, not occasionally refer but often -- very often re-read the Scriptures and the map, which is the Holy Bible.

The ENTERPRISE believes that the motto for National Bible Week this year is extremely appropriate. THE ONLY WAY FOR MODERN MAN to understand the truth of the importance of the Bible to each and every person in this era -- this challenging, and yet period of darkness and confusion that marks the last quarter of the twentieth century.

This past Sunday morning the Rev. James C. Massey, pastor of the First Baptist Church, presided on the theme, "THE BIBLE: THE ONLY WAY MODERN MAN CAN UNDERSTAND THE TRUTH OF THE IMPORTANCE OF THE BIBLE TO EACH AND EVERY PERSON in this era -- this challenging, and yet period of darkness and confusion that marks the last quarter of the twentieth century."

In the morning, he emphasized the importance of the Bible to each and every person in this era -- this challenging, and yet period of darkness and confusion that marks the last quarter of the twentieth century.

## STATE COLLEGE BOARD URGES YES VOTE ON CONSTITUTIONAL CHANGE

The Board of Trustees of State Institutions of Higher Learning has gone on record in asking the people of Mississippi to approve the constitutional amendment on Tuesday, November 5, Dr. E. E. Thrash, executive secretary of the Board, points out several reasons for the interest of the state universities and colleges in this matter.

First, the Mississippi Legislature has expressed its conviction that the current bond ceiling should not include highway construction bonds, which by their very design are not to be retired by general state fund revenues, but by a special tax.

Dr. Thrash also points out that the present constitutional restriction is of such a nature that a large program involving revenue producing projects, which will amortize themselves, would seriously cut back the total general fund support that could be applied on full-faith and credit bonds necessary for the construction of non-revenue producing buildings of the State, which have extremely high priority and need. Some \$35,000,000 of high priority buildings on the campuses of the state universities and colleges are presently being delayed until the Legislature has the green light from the people by rearranging the current bond ceiling.

It is also pointed out by Dr. Thrash that the present needs were not fully anticipated by our state years ago when the current bond limit was set; but that the rapid growth of bond supported industrial facilities and the large need in highway financing could not be foreseen very well at that time. The constant increase in enrollments and the expansion of physical plants of the institutions of higher learning must be provided for by the State. The Legislature in its judgment is taking the initiative in asking for this change so that the Legislature might fulfill its desire and responsibility to meet the needs of our State, not only with regard to the Transportation problems but also with regard to the problem of providing greatly needed educational facilities at our universities, colleges and junior colleges.

The Board of Trustees of Institutions of Higher Learning considers the approval of this constitutional change an emergency requirement of our State, and particularly to the present urgent needs of our institutions of higher learning. The Board of Trustees is responsible for the management and control of all state-supported institutions of higher learning and the Gulf Coast Research Laboratory and the Mississippi Research and Development Center. Members of the Board are: M.M. Roberts, President, Hattiesburg, E. Ray Izard, Vice President, Hazlehurst; Milton E. Brister, Kilpatrick; R.C. Cook, Hattiesburg; M. Paul Haynes, Baldwin; Henry E. Beckman, Jackson; Vernon S. Holmes, McComb; Leon Lowmyer, Oliver Branch; Ira L. Morgan, Oxford; W. M. Shoemaker, Meridian; Boswell Stevens, Madison; W. O. Stone, Jackson; and T.J. Turner, Belzoni.

## MEC SUPPORTS PROPOSED CONSTITUTIONAL AMENDMENT

The Mississippi Economic Council (MEC) has announced its support for the proposed constitutional amendment to allow the state to issue bonds for highway construction.

The MEC believes that the proposed amendment is a necessary step towards improving the state's infrastructure and promoting economic development.

The MEC urges voters to support the amendment on November 5.

## Letters to the editor

Editor, Sea Coast Echo:  
Since you have printed the Editorial about "Nixon's the one" reprinted from the Piquette Item, how about giving Mr. Wallace equal time by the following letter which the Piquette Item published.  
Mr. Charles Nutter  
Editor Piquette Item  
Piquette, Miss.

Dear Sir:  
Read with interest and amusement your thoughts on the Candidacy of George Wallace and why we Mississippians should support Nixon as little Ole George don't have a chance. It's true in the past some third parties have been a wasted effort, but in the present case Mr. Wallace is on the ballot in all 50 States which has never been the case before.

You stated that Mr. Nixon's views are in accord with our philosophy, if you have followed the views of Mr. Nixon which I'm sure you have, he's very flexible and today his views coincide with ours because it's Politically Expedient to do so. But as a Republican he will have to go by the Platform and what is the difference in the two Platforms?

Why should we jump from the frying pan into the fire. As I recall the Republican Party is the home of our Great Liberal Socialist Chief Justice Earl Warren. It is also the home of the greatest Political Chameleon of modern times, Everett Dirksen. The Republicans were the first party to use Force to Destroy our School System. "REMEMBER L I T T L E ROCK." When Mr. Wallace is elected he will have a lot more support in Congress than either of the other two, because now Congress is harassed by the Seniority System, but once the American people speak loud and clear that they are sick of both parties they will start Legislating to please the people or they will be on their way out next Election.

The Great Society has not worked so it's time for another American Revolution. This time at the ballot box and George Wallace like George Washington is going to lead it.

Let's forget about what party we can get the most dollars and favors out of and think more about how we can get our Country back on the track towards sanity, because if we don't we will wind up like other countries in the past and 1000 or so years from now some other Civilization will be sitting through our ashes and wondering "What Happened?"

Yours truly,  
JOHN F. McELLIOTT  
Rt. 3 Box 217  
Piquette, Miss.

To the Editor:  
A plea to the public please don't vote for the Bond issues or any more money for them. Citizens of Mississippi and the United States - by doing nothing, can expect to have nothing to grow. Why can't our efficiency grow too?

Citizens must first that leaders spend no more money (probably a little less) than is collected at the present tax rates. An efficient worker at \$15,000 a year should replace four men paid \$6,000 apiece for doing nothing.

Unemployment and families are forced to live within their means. Citizens should insist that leaders do this.

When will citizens take and demand that their leaders do this? H. THOMAS

## Letters to the editor

Editor, Sea Coast Echo:  
My name is Earl (Buck) Laidner. I have been employed by Hancock County Sheriff's Department for the past six months.

As of October 15 I resigned from the department to accept employment with the Mississippi Highway Department.

While working with the Hancock County Sheriff's Department I came in contact with other law enforcement agencies and, in comparison, I can honestly say Hancock County is taking its place among the top Sheriff departments in the state. Sheriff Carot should be commended for the progress he has brought to law enforcement in this county.

Editor, Sea Coast Echo:  
All voters should be informed about the United Nations Charter and the Connally Reservation. One should look before they leap from one party to the other. How many know about the one world convention held Aug. 27 - Sept. 12, 1968?

Anyone that wishes to go into this one World Gov't., that is turn over all public and private possessions to the Gov't. Then either Democratic or Republican party will do, no use to jump. But if one wants to stop trade with Communist countries that are supplying weapons to kill our boys, and wants to get out of that Godless organization the United Nations, Get the Bible and prayer back in school, and register communists, instead of guns. Then turn to the Third Party. If it were so, our vote would be wasted, then better wasted than to be guilty of helping to put our country in the United Nations. Information about the One World Gov't. can be obtained by writing:

Editor, Sea Coast Echo:  
In your Editorial of Oct. 10, 1968, The Piquette Item is quoted as asking the supporters of George C. Wallace to abandon good conscience and to vote for Richard Nixon. It is a dangerous and unwholly thing to go against one's conscience. The supporters of Wallace should hold fast in their faith for this man.

According to the Piquette Item, Mr. Nixon "will win anyway" and any votes cast for Mr. Wallace will be thrown away. The Piquette Item's confidence in Mr. Nixon seems quite adamant, then why do they so urgently solicit the vote of the Wallace supporter?

The Piquette Item further terms "Wallace's promises, false and alluring." Wallace didn't promise anything, but he does seek to direct the nation back to promises which are lost and broken by the other two parties through the years.

Some of these promises are: To give back to the citizenry the right to the administration of its own personal property; The right to a private freedom unmolested by federal intervention; the right to a constitutional government again so that foreign and domestic problems can be met with strength and

courage and not through weakness and cravenness. Are these ideals indeed false and alluring? When a person is asked to vote against the dictates of his conscience, THAT is false and alluring. We Americans realize what we have lost in this country in recent years. We are intelligent enough to cast our precious vote without any prompting of the press or any other angle including religion. We can vote without considering such shallow editorials as was trumpeted by the Piquette Item under the auspices of the Sea Coast Echo.

Our obligation on election day for any public official is only this: to enter the polls seeking moral guidance, a good conscience, and conviction. Were we to do otherwise, we would truly be as "winds shaken by the wind."

Sincerely,

Hancock County Republican Chairman W. M. Anderson said presidential candidate Richard M. Nixon favored the "freedom of choice" school plan in preference over more radical segregation proposals passed by Washington lawmakers.

"In an interview given to WBT, Charlotte, N.C., Sept. 12, Mr. Nixon made it clear that schools should 'move forward' on a basis that puts many emphasis on education," the Hancock County GOP leader said.

W.M. Anderson asserted that Nixon criticized the Department of Health, Education and Welfare for forcing compliance with school desegregation guidelines by threatening to withhold federal funds.

I shopped other dealers in Gulfport and here in Bay St. Louis. When J.C. offered me a deal I thought almost unbelievable, I was awakened to reality when I drove my new car home Saturday morning. I came to J.C. at Lamar-Lane after my wife Diane, who works at Ramada Inn Motel had suggested that I try this dealership before buying a new car.

The Buccaneers will have played only one home game and five

on the road prior to the arrival of the Mavericks. In their only home appearance, the Buccaneers defeated the Mavericks 19-13 in the first round of the playoffs.

Despite the loss, Coach Bobby McCarthy was pleased with his team's performance. "We would have liked to have won, but under the circumstances I couldn't be happy," he said. "I think we played to our fans that we could win on the court with anybody."

McCarthy has been especially pleased with the performance of several of his players, including forwards Jack Moreland and Ron Franz, guard Steve Jones and reserves Maribert Pradd and Gerald Govan.

Following the Houston game next Thursday night, the Buccaneers will play the Oakland Oaks Monday night, Nov. 11, Miami Nov. 15, Kentucky Nov. 19, Indiana Nov. 21, Los Angeles Nov. 23, Oakland Nov. 26 and Denver, Nov. 29.

Tickets are on sale in advance at all Schwabmann Stores, Dooky Chase Restaurant and Weirlein's Music Store on Canal St.

**PRC Stomps E. Central 46-16**

The Wildcats of PRC came on strong Saturday to stomp East Central 46-16 before an enthusiastic homecoming crowd.

Coach John Russell's Wildcats, putting their season record in the black with four wins and three losses, put 33 points on the scoreboard before the Warriors managed to cross the goal line.

Quarterback Ricky Lee opened the scoring with a four yard pass to split end Bobby Devrow in the first period. The point after failed and the Cats had a 6-0 lead. With only five seconds remaining in the half Willie Heideberg scooted around end for 13 yards for another score. The 2 point conversion failed and the Cats carried a slim 12 point lead.

In the third quarter the game broke wide open with the Cats scoring 20 points. Ricky Lee hit John Pilot Lee on a pass play that covered 58 yards and a score. Bruce Hankins kicked the point after. Moments later Louis Eaton powered his way 47 yards for another score. Hankins again kicked the point after. Terry Shantz passed 15 yards to Martin Keene for six but the PAT failed.

East Central finally got into the scoring with a halfback pass to Tommy Harrell from Joe Lynn Roberts and quarterback Jerry Hill hit Harrell for the 2 points after. The Warriors scored again in the fourth period on Roberts 55 yard burst, and again Hill hit Harrell for the 2 points.

The Wildcats would not quit, however, and Ticky Lee came back with a 30 yard TD pass to Charlie Cross, and then hit David Gates for the 2 point conversion.

Terry Shantz wrapped up the scoring for PRC with an 11 yard end run.

The citation continues, "Inspired by his bold leadership and resolute determination, his men continued the attack, killing ten enemy soldiers and seizing numerous weapons. By his courage, aggressive fighting spirit and unwavering devotion to duty, Second Lieut-

enant Allen earned the highest traditions of the Marine Corps and the United States Naval Service. He gallantly gave his life in the service of his country."

## Stranded Fishermen Spent Cold Weekend

By Dec Elliott

A group of local fishermen had a disappointing and chilly fishing trip when they chartered a boat to go to Chandeller Island last Saturday.

The boat went aground, ran out of gas and lost its way. Those aboard were Ted Monti, "Uncle" Bud Seiler, John Monti, Henry Monti, Jr., Gus Aime, Jack Kramer and Rene Lorenson.

The boat ran out of gas between Gautier and Pascagoula. Speaking for the crowd, Ted said it was bad enough not to catch a fish, besides losing a lot of valuable working time, as the trip took two days instead of one.

They returned home O.K., much wiser, but worn out.

## A Pled to Parents

Parents, as a member of the Bay St. Louis Police School Patrol, I ask you to cooperate with me and the school rule banning parking in the Hancock County Health Dept. lot for the purpose of picking up school children in the afternoon.

I am at North Bay Elementary School morning and afternoon - to protect your children and you.

I cannot control the children who run across to meet their parents who are parked in the Health Dept. lot, as I am on the entrance side of the school. I have a sixth grader there at the exit to help me.

Parents, that little six grader is there to keep your children from crossing the streets. Please show him some courtesy.

There have been several incidents where children were almost hit after disregarding my patrol boy and mothers and fathers, it's your responsibility to obey laws and to see that your children learn to do the same. Children learn to respect the law by observing their parents respect for it.

I feel that you as parents should know you are endangering the lives of your children by encouraging them to come across the street to meet you. Parents would you like to see your child laying on that street having been struck accidentally by a driver? This is what will happen if your children continue to run out into the street to your cars.

As a mother of three children I don't believe you would like the above picture, so please help us by not parking on the Health Dept. lot and try to cooperate with me.

The school, the Health Dept. and I would greatly appreciate this.

Thank you, MRS. HELEN WILKERSON

School Patrol for North Bay Elementary.

## Activities of C E D S Pupils

Christ Episcopal Day School Kindergarten class members were guests last Thursday of Mr. and Mrs. C.E. Glindmeyer at their home in De Lisle.

The trip was in conjunction with a study of farm animals which the class has just completed.

Following a tour of the farm refreshments were served by the hosts.

The group was accompanied by Mrs. Harry Rowe and their teacher Mrs. L.R. Stehling.

Tuesday the Kindergarten class entertained first graders with a Halloween party in the pre-school building and today the elementary division and pre-school will be entertained with Halloween parties with the room mothers as hostesses.

### Norton Wins Sr. Enters Race

Norton Wins, the long resident of Hancock County and Member of the last Hancock County Election Commission, announced this week his candidacy for Election Commissioner from Beat 5, to be voted upon at the General Election on November 5th.

### TO THE PEOPLE OF HANCOCK COUNTY:

Please accept this as my official announcement for Election Commissioner from Beat 5 to be voted upon at the General Election on November 5th.

During my entire adult life I have been interested in the development of our County and her people. I have encouraged my sons to remain at home and give of their time and effort to help advance our County. My son, Norton, Jr., is a Consulting Engineer in Bay St. Louis and President of the Coastal Savings & Loan Association; Michael is an Attorney and has been most active in civic work, having been twice President of the Jaycees and is immediate past President of the Southern Mississippi General Alumni Association; Nicholas, an attorney, is also very active in civic work.

I took the lead in the development of natural gas for the City of Bay St. Louis, the construction of Hancock General Hospital serving as its first President, and the Hancock County Port and Harbor Commission, serving as its first secretary.

At the present time, we are developing Chantilly Terrace Subdivision in Bay St. Louis and Kiln Acres near Kiln in addition to larger tracts.

Under appointment from Heber Lader, Secretary of State, I have served as Ballot Commissioner for the Hancock County Election Commission. It has been my responsibility to see that all ballots were printed and the Election Boxes distributed to the twenty one (21) Precincts for the General Election in addition to reviewing the poll books and registration records to keep them current.

I feel my experience during the past qualifies me to continue as your Election Commissioner and I solicit your vote and support for the coming election on November 5th.

## It's a Square World For Dancers

Classes for new members of the Friendly Squares, Hancock County square dancing group will begin Tuesday night, Oct. 22, at Deilmann Center on Beach Blvd. in Waveland. Anyone interested may join the group within the next three weeks.

New officers of the organization are Frank Griffin, Chairman; Clay Pippin, program coordinator; Marion C. A. v. e., secretary-treasurer; Odette Puchot, refreshment chairman and Lee Paul, membership chairman.

The mayor of Miami Beach was missing from the conference meeting in Honolulu. They looked everywhere for Melvin Richard. Almost everywhere. He wasn't deep sea fishing, or surfing, or at any of the city's usual night spots.

But they didn't think to look for him in the group of 1,000 square dancers. That's where he and his wife were, among stomping feet, swirling dresses and uninhibited shouting.

"I just couldn't pass it up when I heard there was a dance," Richard said later.

If someone told you the mayor was taking part in the biggest dance craze in America (and even the world for that matter), you'd say he was nuts. And yet, the facts are quite clear. The square dance might well be the most popular dance today. Just as it was during Andy Jackson's time.

Consider these points: On an average night at Jones Beach, N.Y., 15,000 people will turn out for a square dance. California, where the phenomenon has achieved its greatest success, boasts more than 300,000 people who belong to square dance clubs.

Clubs are catching on all over the south; Miami has more

than 4,000 members; Birmingham about 1,500.

Psychiatrists and medical doctors recommend it, saying it's one of the few dances in which you can forget your worries, and that it's good for your heart.

Teenagers are taking a long look at it, regarding it as "a new experience."

American "western style" square dancing is catching on around the world, from Tokyo to Berlin. Now it's accepted as part of the American cultural export.

The biggest single dancing event in Alabama is the annual Alabama Jubilee in Birmingham every March, which sees more than 5,000 people do-si-doing.

Gallinburg, Tenn., and Fontana, N.C., put on week-long events during the early fall; Montgomery draws about 2,500 people to a festival, and the same number turn out for the Rocket City Jubilee in Huntsville. Down in Mobile, 8,500 kick up their heels during the Azalea Festival.

The number of clubs in Alabama is increasing. There are clubs for the blind and for people in wheelchairs. But this doesn't give a clear idea about the number of people taking part in square dancing, because most don't belong to a club.

In Birmingham alone there are about 70 square dances every month, with more planned. The boom has caused Mary Siegel, assistant director of the Jewish Community Center, to initiate a class in square dancing. It's the first time over for the center.

Siegel first became involved with the dance in Miami, where sometimes 2,000 people form squares at the ritzy Fountainbleau.

REMINDING EVERYONE to begin Christmas shopping along about now may sound a bit premature to some readers. However, the Yuletide season is just around the corner, believe it or not. How do we know? That's easy! After a long battle with friend (7) husband, the air conditioning has at last been replaced by the heating apparatus. . . so Christmas just has to be all but upon us!

And speaking of Christmas, one naturally thinks of shopping. It's now time once again to remind one and all that money spent at home, stays at home in the form of sales tax dollars. There's now really no excuse to leave Hancock County for anything smaller than a Cadillac or milk coat—just about anything else may be purchased in one of our local department stores specialty shops or dealerships. For exotic gifts, try some of the businesses specializing in imported items — you'll be surprised at what you'll be able to find, and what's more they're priced much lower in most instances due to lower overhead costs.

CAROLINE KIEFER and Mel Ducomb did themselves proud arranging for last week's International Trade Seminar held Thursday at St. Augustine's Seminary. Guests from all over turned up to listen to an interesting array of speakers and there was a gratifying turnout of the local citizenry. Some seen at the delicious luncheon served by Picky and J.C. Baxter at Bay-Waveland Yacht Club included Bobbie and Max Trellis, Charlie Hill, Russell Elliott, Charlie Russ, Dolph Keller, Fred Mantray, Lou and Terry Peeney, the W.H. Deering, Elliott Casanova, Tom Frommertz, Logan Smith, Horton Haas, Sr. Alice and John Seaford, Al Summy, Russell Chapman, Gerald Cox, Norman Benshaw, Richard Glazer, Terry Malone and many, many others.

MORE OUT-OF-TOWNERS than hometowns took advantage of the most interesting bus tour of the airport, port and harbor and MTF, which followed the luncheon. Elliott Casanova acted as host when the party viewed the airport and port and harbor and Terry Malone gave a most interesting explanation of what had been and is now going on at the test site. Unfortunately a scheduled 8-1-5 test had to be postponed or the visitors would have been treated to a very fitting and noisy climax to a most enjoyable day.

THREE LOCAL RESIDENTS luckily escaped serious injuries in mishaps last week, although their automobiles were all but demolished.

MILDRED AND EARL RAMOND were involved in an accident in Biloxi last Saturday night — she was shaken up—she sustained bruises and a forehead laceration.

ADELE (MRS. BOB) McNEILL'S auto was struck by that of a sightseeing tourist when she was on her way to work Thursday morning. She too was only bruised and shaken, but it'll be a while before her car is repaired.

FORMER WAVELAND residents Jackie and Tom Tumlinson arrived here Thursday and were guests of Juanita and Bill Redo. The Tumlinsons are now living in Huntsville and Jackie says she'd 'give anything' to live on the good old Gulf Coast once again.

EARL (BUCK) LADNER will be missed around the courthouse—he's now employed by the Mississippi State Highway Department. We can only wonder what's going to happen to our favorite bloodhound, Track???

ATTENTION BOWLERS — a new league is now being formed for Wednesday night play at Triangle Lanes in Gulfport. Anyone interested may phone Myrtle McArthur at 467-7612 for further details.

HAPPY ANNIVERSARY Naomi and Hack Doyle, Naomi was released from the hospital in time to celebrate their 40th on Sunday, Oct. 27.

ELAINE AND TOM HINTON are among new car owners. They're driving around in a beautiful new gold luxury model. EMILY AND WALTER RAUSCH had as weekend guests Walter's brother Carl and wife of Alexandria, La.

## Bay High Trips Poplarville 26-20

Bay High, picking up its second victory in eight outings, put together two touchdowns in the second quarter and the single third and fourth quarter scores for its margin of victory.

Two blocked punts led to third and fourth quarter touchdowns for the Bay High Tigers Friday night as they defeated the Poplarville Hornets 26-20 in an inter-conference high school football game at Bay St. Louis.

Dick Kolstad blocked one of the punts and Joe Van Antz the other.

Poplarville scored once in the first quarter, twice in the final period, and also added a fourth quarter safety.

### Attending Course At Air University

Staff Sergeant George N. Proulx, son of Mrs. Anne E. Proulx of Red Lake Falls, Minn., is attending the Air University (AU) academic instructor course at Maxwell AFB, Ala.

Sergeant Proulx was specially selected for the intensive six-week professional training that is conducted as part of the AU Academic Instructor and Allied Officer School, the teachers college of the U.S. Air Force.

The sergeant is a missile systems analyst for the Air Training Command at Chanute AFB, Ill.

He is a graduate of Cathedral High School, Crookston, Minn. His wife, Celeste, is the daughter of Mr. and Mrs. John Chevis of 408 Hancock St., Bay St. Louis, Miss.

Poplarville got the game's first break and turned it into a touchdown. Late in the first quarter a bad snap from center sailed over the head of Bay High's punter, Jerry Lewis of the Hornets scooped up the ball and raced 15 yards to score.

Early in the second quarter the Tigers tied the score at 6-6 on a 40-yard touchdown pass from quarterback Jack Strong to William Redo.

Late in the second period Bay High took the lead for good on a three-yard touchdown run by Ronnie Murray. Dick Kolstad added the extra point from placement for a 13-6 Bay High lead at intermission.

In the third quarter, Norman Thornton scored on a 22-yard pass from Strong and Kolstad converted, giving the Tigers a 20-6 bulge.

Poplarville got on the scoreboard first in the final period by tackling Doug Burch in the Bay High end zone for a two-point safety.

Later in the period Poplarville scored again when Darrell Hearndon threw a 20-yard scoring pass to Harold Strahan. The extra point attempt failed.

With less than two minutes remaining, Van Antz blocked a Poplarville punt and Kolstad picked up the ball and ran 20 yards to the Hornets' one. Nat Fairconness carried it in on the first play from that point.

Poplarville closed out the scoring with 58 seconds left in the game on a five-yard run by Hearndon.

Next Friday night the Tigers invade Biloxi to take on the Notre Dame Rebels at Biloxi Municipal Stadium.

## Hawks Taste Victory Over Bulldogs 39-14

Freshman fullback J. W. Rawls rambled for three touchdowns and two extra points Friday night to lead the Hancock North Central Hawks to a 39-14 high school football victory over the Vancleave Bulldogs at Hancock's Hawk Stadium.

Rawls exploded for all three of his touchdowns in the second half to break open the contest which had seen the home-standing Hawks trailing 13-14 at the half.

Halfback Robert Jackson got the Hawks off on the right foot when he took the opening kickoff and raced 90 yards for a touchdown. The extra point attempt failed.

Vancleave took a 7-6 lead later in the opening period when Bennie Williams scored on a 25-yard run and Willie Newton ran for the extra point.

Hancock went ahead again early in the second quarter when Jackson took a 17-yard scoring pass from quarterback Dennis Peterson. Jackson also ran for the extra point.

Vancleave came back to grab the lead before the half when quarterback Curt Davis passed 30 yards to Bennie Williams for a TD. Willie Newton added the extra point on a line plunge.

The Hawks took the lead for good in the third quarter on the first touchdown by Rawls, a three-yard burst off left tackle. Rawls also made the extra for a 20-14 Hawk lead.

Early in the fourth quarter Rawls scored on a 15-yard jaunt off right tackle, and also ran for the extra point.

Midway in the final period the freshman fullback scooted 27 yards for another score. The final Hancock tally came on a 20-yard quarterback rollout by Peterson.

Hancock now has a 2-5 won-lost record for the season and will resume action next Friday night by entertaining the Pearl River Central Blue Devils of Carriere at Hawk Stadium.
